## Skills

### Soft skills

- Creativity and Innovation
- Critical thinking
- Problem solving
- Active learning
- Communication
- Adaptability
- Time management

### Hard skills

- UX / UI
- HTML/CSS
- JS/TS
- TailwindCSS
- VCS (Git)
- FMotion
- GSAP
- Blender
- Cinema4D
- After Effects

## Code / Design

React	Figma
Next.js	Illustrator
Axios	After Effects
Redux	Framer Motion
FastApi	GSAP
Django	Blender

## Deployment

Vercel  
Render  
Gh pages

## Languages

Spanish - **Native**  
English - **Advanced C2**

## Education

ICESI University  
Interactive Media Design

## Profile

Hi 🌟! I am a creative developer with a strong interest in building web applications, closing the gap between artistry and engineering.

In an era increasingly driven by technology, I am passionate about merging design and code to create impactful and interactive user experiences. My expertise lies in front-end development using frameworks like Next.js, React.js, and TailwindCSS, complemented by animation tools such as Framer Motion and GSAP.

My skills extend to graphic design with tools like Illustrator and Photoshop, as well as 3D modeling and animation using Blender, After Effects and Cinema 4D.

I am committed to crafting a future where design and technology work seamlessly together, driving innovation and success 🚀.

## Work Experience

### FesamedCare (August 2023 - October 2024)

#### Frontend Developer / UI/UX Research

I bridge backend infrastructure and frontend development by:

- **UI/UX Design:** Designed responsive interfaces using Figma and developed with Next.js, Material UI, Framer Motion, and Tailwind CSS.
- **Frontend Integration:** Seamlessly connecting responsive UIs (Next.js) with backend systems (FastAPI).

I maintain documentation and ensure compliance, with a focus on frontend-related aspects.

### Assistant Professor of Designing with algorithms (September 2024)

#### ICESI University

Guiding students in designing user interfaces and user experience using Javascript and Typescript, helping to improve client-side interactivity.

### Assistant Professor of programming fundamentals

#### (December 2023 - July 2024)

#### ICESI University

Responsible for managing labs and teaching the web programming fundamentals course, helping students develop their reasoning and problem solving skills.
